

Walking the Intersections of Geological, Historical, and Cultural Influences of Manoa Campus

Spring 2023

Wednesday, April 26
11:30 am - 12:45 pm
Campus Walk

Please join us for a campus huaka'i (field trip)! We will take a short walk to explore the intertwined geological, historical, and cultural influences on the UH Manoa campus. This huaka'i heavily borrows from previous fieldtrips developed by Drs. Kaiwipuni Lipe, Christina Higgins, Kapua Adams and Scott Rowland.

For participants who wish to join a post-fieldtrip discussion (12:45-1:30 pm), lunch will be provided.

PRESENTERS

Dr. Diamond Tachera
