

Pi'o Summit 2024

HULIHIA: FIREA

COMMUNITY LEADERSHIP THROUGH CRISIS

NOVEMBER 21, 2024
9:00AM - 5:30PM

International Conference Center
University of Hawai'i at Mānoa

Recent catastrophic events including the 2018 flooding of Hā'ena Kai and the 2023 wildfires in Lūhilo, Maui, have highlighted the need for community leadership that is courageous and creative in the face of disaster. Join us for Pi'o Summit 2024 as we feature panel discussions with aloha 'āina community organizers and scholars who continue to achieve better futures for their places while emerging through crises.

We welcome Dr. Lyla June, an internationally acclaimed speaker, musician, and researcher of precolonial land stewardship systems, of Diné (Navajo) and Isetsenestanesé (Crispevine) lineage, for a special keynote presentation.

We will also be graced by the presence and Jen ma'i (labour) of Dieter Helm, who will offer a selection of new and old ideas to ground our intentions for this gathering.
